## ABOUT

---

Hello! I am a graphic designer and video editor based in Colorado. I am passionate about creating designs and motion pieces that are engaging and fun, and I strive for excellence in everything I create. My graphic design style is very vector based and colorful, focusing on typography and harmony. When it comes to video editing, I can do both corporate easy-going videos, and fast-cut energetic ones. My interests include branding, packaging design, logo design, VFX, sound design, sports hype videos, and motion graphics.
